FIRECLAY SERIES

Introducing **BRISTOL'S FIRECLAY SERIES**. Bristol Sinks Fireclay Apron Front Sinks* are meticulously handcrafted using slip casting techniques perfected over a century. Originally crafted for the elite, these sinks combine durability with timeless elegance. Each sink undergoes four quality checks and a final inspection before being branded a Bristol product.

Made from Fireclay and fired at over 1300°C, these sinks are as durable as they are stylish. Hand-sanded and finished by artisans, each sink showcases the highest level of craftsmanship. Available in single or double bowl designs, all models feature a reversible option, offering either a smooth or fluted finish for a truly customized look in your kitchen.

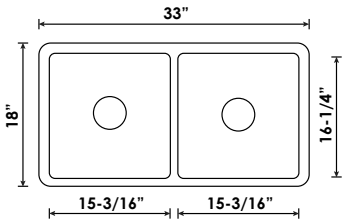

* There is a tolerance of ¼ inch the size of the sink. We advise ordering the sink before measuring for cabinets.

GRANITE SINKS

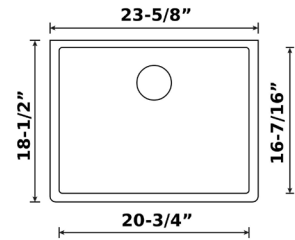

If you are looking for a more forgiving material, explore Bristol Sinks’ range of granite kitchen sinks. These are non-porous, easy to keep clean, and resist scratches and chipping. Unlike other materials that can absorb stains and discolour over time, Bristol’s granite sinks maintain their appearance. And if that wasn’t enough, you can find them in a variety of colours and styles to suit your overall kitchen design.

GAUGE OPTIONS

“Gauge” refers to the thickness of stainless steel.

16 GAUGE is the thickest and most durable—quiet, dent-resistant, and great for heavy use or garbage disposals. **18 GAUGE** is the most popular in Canadian homes, offering a strong balance of durability, noise control, and value. **20 GAUGE** is thinner and more affordable—ideal for bar or laundry sinks with lighter use.

Most households choose 18 gauge for its strength and everyday performance.

QUICK TIP

Daily cleaning with a mild soapy sponge or cloth is recommended. Always rinse thoroughly with warm water after each use and dry with a towel using a dabbing motion. This will help slow down the formation of mineral deposits and staining caused by some cleaners which may contain chlorides.

ACCESSORIES

ACCESSORIES

Enhance your sink with our premium accessories, designed for versatility, protection, and style. From sleek grids that safeguard your sink's surface to multifunctional colanders and Roll-Up drying racks for added convenience, our accessories elevate both functionality and aesthetics. Complete your kitchen with thoughtful details that make every task easier while keeping your sink looking its best.

ZERO RADIUS COLANDER BASKET

Prep tasks just got more comfortable! Our over the sink Zero Radius Colander Baskets add a whole new functionality, for washing and draining fruits and vegetables right over the sink.

ROLL-UP DRYING RACK

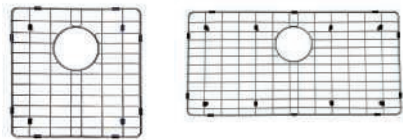

No modern kitchen or laundry room should be without the Bristol Sinks stainless steel over the sink multipurpose Roll-Up drying rack. A smart kitchen accessory that saves your counters from clutter, organizing a multi-functional workspace right over your Bristol kitchen sink. Place it over the sink to dry dishes or use it as a rinsing rack for defrosting meats and vegetables—water drips directly into the sink, keeping your counters mess-free. Its Roll-Up design allows for effortless storage in any kitchen cabinet.

SOAP DISPENSERS

Combining modern design with everyday convenience, Bristol's Soap Dispensers add both style and functionality to your Bristol Sink and Faucet. Offered in 3 different styles, the large-capacity dispenser holds liquid soap or lotion ensuring easy access whenever you need it, whether it is in the kitchen or bathroom.

3 Style Options: Square (available in MB, BN), Round (available in MB, CH, BN), All Brass Construction (available in MB, CH, BN, G, GM)

CUSTOM FIT GRIDS

Safeguard your sink with a custom-designed stainless steel sink grid, tailored to fit your sink perfectly. Featuring protective pads and side guards, this durable grid helps prevent scratches and keeps your sink looking its best.

COVER PLATES

Easily upgrade your sink with our stainless steel faucet cover plate. Designed to transform a 3-hole sink into a single-hole setup, this sleek cover plate offers both function and style. Finished in brushed nickel, it complements any kitchen décor with its clean, modern look. Available in BN.

STRAINERS

Keep your sink clean and clog-free with our high-quality sink strainers, available in three styles to suit your needs. Choose from durable stainless steel, sleek colour-matched strainers designed to complement our Adour and Virtuo granite sink collections, or our practical deluxe strainer. Stylish, functional, and built to last.

POP-UP DRAINS

The Pop-Up bathroom sink drain is the essential accessory for your Bristol bathroom sink. It fits any of our vessels or vanity sinks, and it's easy to install. For easy installation, we include all rubber gaskets and hardware. This bathroom vanity sink Pop-Up drain operates by simply pressing the drain cover to open and close, allowing to drain or retain water in the sink. Complete the look of your Bristol Sinks bathroom with this functional and stylish bathroom vanity sink Pop-Up drain.

**Please note; There are 2 types of Pop-Up drains-one with overflow and one without. The sinks that we carry with no overflow are the BV112/BV113 and BV114/ BV115 and these sinks require the Pop-Ups with no overflow. All the rest of the vessel & vanity sinks have overflow and a Pop-Up drain with overflow is required.

FAUCET SPECS

SPOUT HEIGHT
The spout height indicates how high the spout of your faucet is. If you don't have anything above the tap, you don't have to worry about the height of your faucet spout. If there is a cabinet, however, you need to measure to make sure your faucet can fit under the cabinet.

THE NUMBER OF HANDLES
Since the installation type determines the number of levers, when substituting your old faucet with a new one, it's better to use the same installation type. Two handles are elegant, with designs that transcend time, and one handle faucets are easier to use and look sleeker.
